

LEVEL 1 PERFORMANCE TRAINING

Level 1 Performance Driver Training is the introductory course to Driver Risk Management's Performance Driving Program (Level 1 and 2) and suitable for individuals seeing to develop everyday driving ability, learn about their vehicle's capabilities and enhance their Performance Driving skills.

The half-day, non-accredited training course is conducted at the Driver Risk Management facility, located at 16 Grogan Road Perth Airport, WA and utilises various state-of-the-art driving facilities available onsite.

Performance Driver Training courses are delivered by a team of experienced Driver Trainer's and Coaches with high-level National and International experience.

Level 1 courses scheduled by pre-booking, approximately once or twice per month with a minimum of 10 participants per course.

Upon completion of Driver Risk Management's Level 1 Performance Training, the option to book a Level 2 Performance Training course is available and recommended for further development purposes.

Participants supply their own vehicle for training which may be subject to scrutineering at the commencement of your course.

Vehicles must be in good condition (internal and external), not leak oil or any fluids and have sufficient fuel, tyre tread and pressure to participate.
