

**DRM FACILITY AND REQUIREMENTS SHOULD BE READ IN CONJUNCTION WITH THE SIGNED  
INDEMNITY AND WAIVER FORM, PRIOR TO THE EVENT SAFETY BRIEF**

- Participants agree to abide by DRM rules and procedures and must remain within the areas booked and understand adjoining facilities may be in use at the same time.
- Participants must not operate any vehicle in a way that may put themselves, and/or others in danger.
- Driver only in vehicle, unless accompanied by an authorised DRM trainer.
- Groups of facility users comprising more than 4 cars and drivers (for either Skid Pans or the Main Circuit) are required to nominate a 'responsible person' to manage vehicle flow onto and off these areas throughout the duration of hire.
- This person must ensure participants adhere to the "on track" densities maintaining minimum distances between each of the vehicles. When parking, vehicles are reversed in and no greater than 5kph speeds are maintained across car park and admin block areas.
- DRM personnel will observe the group and responsible person to ensure adherence to requirements. Failing to comply with these rules may result in cancellation of your booking without notice and loss of fees paid.
- Helmets must be worn at all times whilst on track unless otherwise agreed by DRM, and ensure drivers stay well hydrated.
- All participants in vehicles must wear long sleeve shirts, cotton pants and enclosed soft shoes.
- Driver's window all the way up, or all the way down - your choice.
- Motorcycle riders must wear appropriate personal protective gear/equipment whilst riding within the facility.
- No pillion passengers on motorcycles, unless instruction is being carried out.
- Participating vehicles must be mechanically fit for purpose, no fluid leaks of any kind. Tyres in good condition, operating pressures as recommended by manufactures.
- Vehicles must not activate anti-lag or launch controls within the facility.
- Maximum of four cars, or six motorcycles on track at any one time unless otherwise agreed.
- One vehicle on the Skid Pan during manoeuvres (motorcycle training exempted).
- No drifting, burnouts, please preserve track edges (don't cut corners).
- Comply with sound emission levels below 94DbA. Random testing will occur.
- Use correct procedures when dealing with spills and remove all rubbish from site.
- In an Emergency, participants should refer to DRM personnel for instruction or in the event of a life-threatening incident, call 000 immediately.
- You agree to DRM's sole right to remove any person or vehicle not complying with the above general rules
- Standard hourly, half and full-day rates of DRM's Main Circuit are for a maximum of 8 cars/vehicles per booking, with additional participants charged at \$50 per hour, per vehicle thereafter. Please advise DRM at the time of booking of your intended group size.

***I have read and understood the above to which I agree. Whilst at this facility and by signing the relevant Indemnity Form, I agree to take utmost care to ensure both my safety, and the safety of others with or near me.***
